" 1990 PRESIDENTS REPORT "

Where do you start ?. So much happens between the last weekend in March and the first weekend in September. But, it does not happen by it self.

Players, Coaches, Managers, Parents, Supporters and Committee. These people make it happen, and those at Gynea made it happen this past season in a manner to be proud of.

Success is not measured by winning alone. I saw a lot of winners during the season, boys and girls enjoying their soccer, winning,losing, drawing whatever. A good example being the younger player running off the ground at full time,smiling from ear to ear, holding out a grubby hand for canteen money, and enquiring " WHO WON" ?

What about the parent, up at sunrise to help set up the park,assisting in the canteen and ground control, delivering players to grounds all over the shire, and supporting. Then there is the Committee Person, Meetings, Sub-Committee's organising, deciding, and so on. Guess who I nearly forget? Ah yes, the Coach and Manager. Repeat all the above and add running the team for this pair.

Now here is a sobering thought ! Some people are all of the above ! In closing I would like to thank Coaches and Managers for a job well done. Also we must acknowledge the efforts of the Club Referees, well done Fellas. Thank you to the Committee for the hours of tireless effort, and in particular the senoir members for their guidance in what could be termed a transision period.

I, along with the incoming Committee, look forward to a bigger and better 1991. The work has already began.

ENJOY IT.

TONY BELL.

I would just like to say how much I have enjoyed my first season as Canteen Supervisor.

I have met so many friendly people, both parents and players in senior teams and their ladies.

Although it could sometimes get quite busy we also managed to have a bit of fun and our new HOT DOG machine certainly got everybody in a good frame of mind.

Many thanks to all helpers during the year, but a special thanks to our retiring Ground Controller, Wayne, and the regular Supervisors who helped me out so often.

To my predecessor, Suzy, whose friendship, help and advice made my job so much easier, thanks is not enough. It was really appreciated.

" INTERNATIONAL SOCCER AT GYMEA"

International Soccer returned to GyMEA Oval on Friday 27th of July when the touring U.S.A. Eagles Under 14 team was taken on by a combined Under 14 GyMEA team.

The match was played on a heavy ground after torrential rain stopped one hour before the match was due to start and the despair of the two teams of boys was lifted after a fear that the match would be washed out.

The match was controlled by GyMEA's Black and White's, Wayne Teal, Troy Brennan and Andrew Hattersley. With the score at 3 all five minutes before time it seemed a fair result but GyMEA had other ideas and scored the winning goal only moments before the final whistle.

After the match the Club in conjunction with the Under 14 parents put on a barbeque for all who attended before the visitors were billeted out for the night.

Apparently GyMEA was the only Club to offer billets to the visitors who came from the Hollywood area in California and made a three week tour of Australian Eastern States.

Don McKinnon organised the Wanda Surf Life Saving Club to open their doors to the boys from both teams on the Saturday and put on a display of their Inflatable Rubber Boats and how they are used in surf rescues.

We trust the Eagles will remember their visit to GyMEA and the Sutherland Shire.

Team: 6 Blue

Coach: John Wernej

Manager: Lesley Langley

Players:

BEN BOLEWSKI	BRETT DUTTON	CRAIG FALICK
OWEN LANGLEY	DANIEL McDONOGH	CAMERON PYETT
DANE THATCHER	ROSS WERNEJ	

The 6 Blues are a credit to their parents, coach and club. The season was both exciting and successful, a reflection on the fine coaching achievements of John Wernej. Many thanks John for building the boys skills and team spirits

The team work the boys displayed throughout the year was well rewarded by being runners up in both Knock Out competitions. The first was a hard and fast final at our home ground and the second at Scarborough Oval where the mighty Giants lived up to their name. In the grand final at Scarborough the score at fulltime was one all and after an additional 10 minutes of play still no winner. It was only then that the best of five goal shots separated the 2 teams, we went down 4/3. We were all proud of the boys because of the sportsmanship, skill and stamina they displayed on the day.

Throughout the season the boys played unselfishly and showed considerable improvement. Daniels superb magic footwork and quick thinking kept the opposition on their toes while Dane dazzled the crowd with his long hard kicks and endless energy to chase the ball. Craig and Ben scored numerous goals and made tireless efforts to attack while Cameron and Brett were reliable and confident in passing and dribbling. Ross and Owen were strong in defense and both showed great determination in the fullback position. The team put in a top effort week in and week out. Well done 6 Blues.

Sincere thanks to the parents who whole heartedly gave their support. The only questions asked were where, when and what time and they were there. It was a pleasure being the manager of the team.

Finally a pat on the back to all the committee members of the Gynea Soccer Club for all their unseen hardwork throughout the season.

Team: 6 Green

Coach: D.Chatto/M.Moss

Manager: S.Grant/G.Tench

Players:

LUKE DELLA SANTA	LUKE ELLIOTT	PETER ENRIGHT
ADAM FLEMING	ANDREW GILLEN	SIMON GRANT
ALEX JESSOP	ADAM NOY	BEN TENCH

The boys have developed well over the year dominating the "D" grade competition from the outset, losing only two matches all season (both to Miranda who were regraded along with us) and maintaining their high performance on regrading to "C" grade, with only one draw (to Kirrawee) interrupting our winning run.

Most of the credit for our strong performance rested with Luke Elliott's strong kicking, ball skills, tireless running, calculated shooting and unselfish team play. Simon Grant's good positional play, thinking football, strong kicking and passing and solid defense aided by Adam Fleming.

Ben displayed determined tackling and persistence.

Peter was more compliant as the season progressed and put in his best effort in the last games.

In early matches the boys tended to get in each other's way but in higher grade matches, team play was more apparent.

Luke Della Santa developed some good goalkeeping skills towards the end of the season and he had an eagerness to play in this position.

The remaining players (Andrew Gillen, Alex Jessop, Adam Noy) put in the occasional runaway goal early on.

The boys saved their best performance for the last game, a nil all draw with Miranda.

The boys enjoyed their season and are a team to be proud of. The future of soccer in this age group is exciting as there is a lot of potential.

Our appreciation to Murray and Daniel for their time and energy in coaching the boys.

Thank you from the boys and parents.

A very difficult year managing with so few boys due to early dropouts. Many of the boys had difficulty concentrating for the entire match and this showed in the scores against us. The recent game against Menai, however, must give the boys encouragement and show them what they are capable of achieving with application to the game at hand. Keep at it boys, winning is not everything.

We have had fun together and I am sure we can look forward to an improved season next year.

7 RED has improved greatly in their skills of soccer techniques and understanding of the discipline. Each team member's individual ability has resulted in their competence developing to allow them to participate at an active level within a team and club relationship.

I feel all members would bring with them into any team a high degree of enthusiasm, responsibility and sportsmanship.

The team had a great season and kept improving right throughout the year. If competition points were awarded we would have been in the top 2 or 3 teams. However the one thing which really affected our performance during the year was the fact that we had no reserves. We would be in front during every game up until the last 10 minutes when the boys would tire and usually concede a goal as all the opposing sides had at least one reserve. This would be my suggestion for next year as the team is excellent, but needs one and if possible two reserves so the boys could alternate during the game so all the boys could get a break, especially during the first few months of the season when the weather is still very warm.

Hopefully this team will remain roughly the same for next season.

Well another year has reached its conclusion. Will the parents recover in time for next year? This vexing question will most certainly be answered when we grab our Quik Eze, valium and cheque books all ready for next years sign on.

Our year started slowly, but as usual has ended on a high note with our first win of the season. Remember it was not long ago we scored our first goal

(OH! Those memories)

Watching Adam score that goal was like winning a Grand Final.

(The noise deafened quite a few innocent bystanders)

The boys have all seemed to mature a lot this year (or maybe it is just me ageing), but they have grasped there is more to soccer than just standing in a bunch and kicking the ball.

The positions seemed to work themselves out as the year progressed with Adam, Raymond and Ken running up front, Brett, Martin and Sam in midfield, with Iain and Mark at the back.

Goalkeeping duties were divided during the year with Iain showing some promise in that position.

A big thank you to all our parents for their support, it has been great watching the enthusiasm generated by our small but vocal group.

And last but not least our coaches Luke and Michael, who have shown great patience and understanding in their approach.

I know the boys really look up to them and they really show that on the field.

I hope everyone has a great off season and I will look forward to seeing you again next year.

The team certainly felt the highs and the lows of playing "A" grade soccer. The boys all show enormous potential and under the master coaching of David Burton these boys will be a strong future for the club. Next year will give the team the chance to really show off the skills they have been developing over the last 2-3 years, and I am sure they will be a force in the competition from here on in.

As the Manager of the 8A's this year I would like to say thank you to everyone in the team for their efforts and I can honestly say I enjoy their company, a real top bunch of kids.

Finally thanks again to David Burton who really has brought the best out of the team and taught them some fine skills.

To all the parents as well, thanks for the interest and support you gave this season.

8D certainly " did the club proud" with a consistent display of enthusiasum and good sportsmanship and a wonderful sense of having a good time.They always tried their hardest and finished up smiling no matter what the result. They started the season crowding the ball a bit and tended towards individual play rather than team play.By the end of the season there was less crowding and better position play and the goal scoring was improved.Their defence also improved as evidenced by the reduced number of goals scored against them in the second round.The boys formed some good friendships amongst the team and showed their parents and coach what was the true meaning behind sport.

Each of the 8E Giants has developed ball skills and confidence over the 1990 season.Four novice players,Chris,Ryan,Nathan and David Millard joined the team, Chris,Nathan and David showing promise in midfield or defence position,and Ryan starred as a front line player.

Each of the second season players (Dale,Matt,Gavin,Andrew,Todd and David Gordon) improved.We found we had at least four good goalies (Andrew,Todd,Gavin,Matthew) and dependable defenders in Andrew,David,Dale and Chris.Long kicks were seen from David Gordon and Matthew.

The boys have enjoyed their soccer despite the illness,injury and parental commitments which may have prevented them from playing.The highlights: the Bangor draw,the attempts to score,the trips to Bundeena and the picnics. A special thanks to the coaches Craig/Trent who coached and worked full time, your efforts are appreciated.

The boys got off to a good start in the season and despite a minor fall off in mid season (mostly due to the rain and lack of training ground) continued undefeated to be the minor premiers.Every player without exception gave their full support to the team effort,which was evident at the full roll up at the training session.All players have progressed in skill and have now managed to play,as a team,and as a team member. Credit for the team's success is equally divided between the boys and the patient coach,who managed to show the boys how they could play as a team,and overcome the opposition.

Morale at the end of the season was high,with all players looking forward to the next season.

I strongly recommend that the team be kept together next season.

The fact that we had no reserves throughout the season (as happened to other teams)made it difficult.

Reserves would definately assist in discipline.

The outcome of the season is that the boys took out the Minor Premiership and Premiership.

1990 proved to be quite an exciting year for the under 9D's.

At the end of the first round we held third position and were looking good.

I was already clearing a spot on the mantle piece for the trophy.

However a bit of a slump early in the second round saw us take a nose dive on the competition ladder and before you knew it we needed a big effort just to get to the semis.

By combining the on field talents of the boys with the off field vocal chords of the parents that effort came and we had a chance at least to play off for fourth.

Under lights, with tensions high the boys played brilliantly -- but alas, a lucky goal (all goals scored by other teams are lucky) and we went down 0-1.

None the less the boys deserve a big pat on the back for a 110% effort all season.

To get as far as they did when so often robbed of training due to rain and when we more than once had to play one or more short because reserves were impossible to get is a great tribute.

Big thanks also to Tony Bell, not only for volunteering to coach when no other coach could be found, but for endearing himself to the kids so much.

Take a bow Tony.

Take a bow boys.

See you all again in 91.

The season started in the normal way, another loss, oh well winter is supposed to be bleak. However after a couple of draws----- very costly as it turned out, the boys won their first game for over two years.

This was mainly due to the coaching of Clinton ably assisted by Greg--- when he was not falling off his bike.

Greg was moved from centre back to centre forward and immediately combined with Skilly and the goals started to come. William was all over the park, but when he realised everybody could help out, he was a great team player. Mathew had some magic touches and Bradley did well on the wing. Drew and Andrew chased everything all day and Russell came into his own late in the season. The defence was very sound all year with the two Ryan's proving very hard to get past and Robbo as reliable as ever.

After the win the confidence came and we only needed to win the last game to make the semi's.

Highlights of the season " Robbo's" goal, Mathew's 45 metre beauty, Greg and Skilly getting hatricks, Drew staying on his feet all game in the mud patch against Sylvania, Andrew's determination, the quickness to turn defence into attack, the passing between all players and the solid defence week in week out.

Lowlights----- not being able to do our free kick more and losing the last game.

Having said all that it was a great year and next year we will all be back-- bigger and better and champions.

1990 was a successful season for the 10C's. We started the season with a big win and from then on it looked promising. All the boys were keen and enthusiastic always turning up for training and giving it everything on Saturdays.

We seemed to be the best second half team in the competition, continually smashing the opposition with several second half goals. Goals were coming thick and fast and as the season went on we found ourselves up near the top of the table and looking forward to a semi final spot.

The Gynea Giants had a double header to finish the season, and with a draw and a win we nearly finished second. But with an unlucky result, we came in third.

With the semis approaching Gynea were keen, now training twice a week to try and make the final. However North Caringbah had other ideas. They raced to a 2 nil lead in the first half of the semis and as Gynea were known as "second half killers" we were still confident of winning a place in the final.

Straight after half time, the 2 nil lead turned to 3 nil and we really had to dig deep. We did, scoring two quick goals and back in it at 3-2 down.

A bit of bad luck beat us and we lost 3-2. Although Gynea was to walk off without a win, it was a tremendous effort and a great confidence booster for 1991. Congratulations to the 10C's for a great year and thank you to all the parents for their support.

The results for the season were not great and it showed in team play that the team may have been graded too high, but the boys always enjoyed their soccer, they never stopped trying and their good team spirit was always evident.

Everyone improved their individual skills during the year and it was pleasing to see these displayed in the middle and later games. The boys became solid in defence, they learnt good attacking skills, were unselfish in their passing and above all the boys supported and encouraged each other.

To Frank, thank you for your time, effort and your experience you have passed onto the boys and to Anto, thank you for your assistance when called upon.

To each of our players thank you for your polite and courteous attitude shown throughout the season. Hope to see you all next year.

The 1990 season has been a most enjoyable and relatively successful one for the 11C's. At this stage we are looking forward to the semi finals from our position as fourth in the competition with ten wins, two draws and six losses.

All the boys have increased their knowledge and improved their skills this year, and have come a long way in developing as a team and in displaying good sportsmanship on and off the field.

Terry Hibbins has proved to be both firm and encouraging in his coaching and all the boys have benefitted immensely from his strong leadership, knowledge and instruction. One of Terry's greatest difficulties this season has been in having fourteen boys in the side.

This has meant that most weeks six boys played only half a game. By the same token it has meant that we have been able to field a full team on the weekends when Scouts or other commitments conflicted with match times.

Thanks for a job well done Terry!

For parents, the season has had it's ups and downs but your keen support on the sidelines has been appreciated by your boys, by Terry and by me.

Thank you and see you again for soccer 1991.

If success in soccer is measured by wins, then we had a bad year. However if soccer is about enjoyment and learning new skills, then this team excelled. This was shown by their attitude on and off the field and their attendance and interest at training each week.

Because of team numbers, play was a little disjointed at times, as all players took their turn to stand on the sideline. However we had a keen forward line, a mobile midfield that formed an enthusiastic link, rock solid backs and an ever reliable keeper.

The team was very fortunate to have an enthusiastic and energetic manager who organised, supported and co-ordinated us throughout the season. It was an enjoyable experience to have been associated with such a fine group of parents. All the boys played in the true "GIANT" spirit and were a credit to the club, their parents and most importantly, to themselves.

Well we have improved this year and looked great in the first round with only two loses all season., we only had to win two of our nine draws and our season results would have looked better.

Everyone played very well, we had some very good games, some great games and the best defence. I would hate to think how many times the ball hit the posts. No more excuses.

All our players played with a lot of spirit, with Troy playing as safe as a bank in goals. The backs were very strong all year, Travis, Bryan, Ryan, David and Peter helped when needed.

The halves Glen, Grant and John held the middle and the forwards worked hard to Paul, Gavin, Clayton, Andrew and Nick.

This team has a great future and a lot of spirit, so stay together and build your game.

The parents and myself would like to thank Allan Tarran and Allan Brack for all their help during the season.

P.S. Well done boys.

This season did not start well when the Association in it's wisdom graded the team A's and then we had to play what turned out to be the top three sides in our first three games.

Despite heavy defeats in those games we then threw our form out of the window and won our only game of the season. Three draws with St Pat's, a team with simalar problems to ourselves plus our best game of the season, a draw with Engadine completed our points for the season.

Looking back we could and should have done better in some games, but some players attitude was not the best, hopefully when they look back they may realise a little more application and a little less mucking around may have been the go.

All in all though not a bad effort considering we were over graded.

I would like to thank Malcolm for all his help this season and hope that next season will be more sucessful for all the boys.

This was a long hard season for players, coach, manager and parents.

We started of with twelve players but unfortunately by 30th June we had lost one to another club, we trust he enjoyed his games with us.

With only eleven players and being a "B" side we could not borrow from the 13A's and more often than not the 12B's were playing at a similar time to us. Consequently we played many games one short and on a few occasions two short. Nevertheless we acquitted ourselves well, were never disgraced and played the game in the true spirit of sportsmanship.

This was a good bunch of boys who despite frequent defeats still came up smiling and backed up week after week supporting each other.

Support was also strong from the parents on the sideline and this gave the boys plenty of heart.

We also had an excellent coach in David Birch who despite problems of lack of players from time to time still gave the boys the advice and guidance needed.

We had four of our boys playing in the Gynea 14 State Cup side which acquieted itself well and they enjoyed the experience.

Also all the boys that were available played against the visting Americans with some taking billets for a night.

This was something new for our boys and we thank Rob Glass and the Club for providing the opportunity.

All in all, despite our lowly position on the ladder, this season can be regarded as a successful one and I look forward to seeing you all returning to Gynea for next season.

The boys started off very poorly in the first round, finding the opposition teams too strong in the early games.

Our entry into the Under 14 State Cup was not approved by some, but our effort was applauded by many. This effort was extended into the second round, and together with the concentrated training by Michael Ward and the expertise of Alf Marks resulted in a vast improvement in team play and team spirit, giving some of the stronger teams quite a shock in the later games.

Some opposition coaches commented they were amazed at the teams improvement. This was my first year as manager of this team and I hope not the last, as it was a pleasure to be associated with a great bunch of guys and their families. Well done!

Hope to see you all next year.

Despite being one of the best teams in the league we were unable to "GET IT TOGETHER", when it mattered and defeat in the last game squeezed us out of the final four.

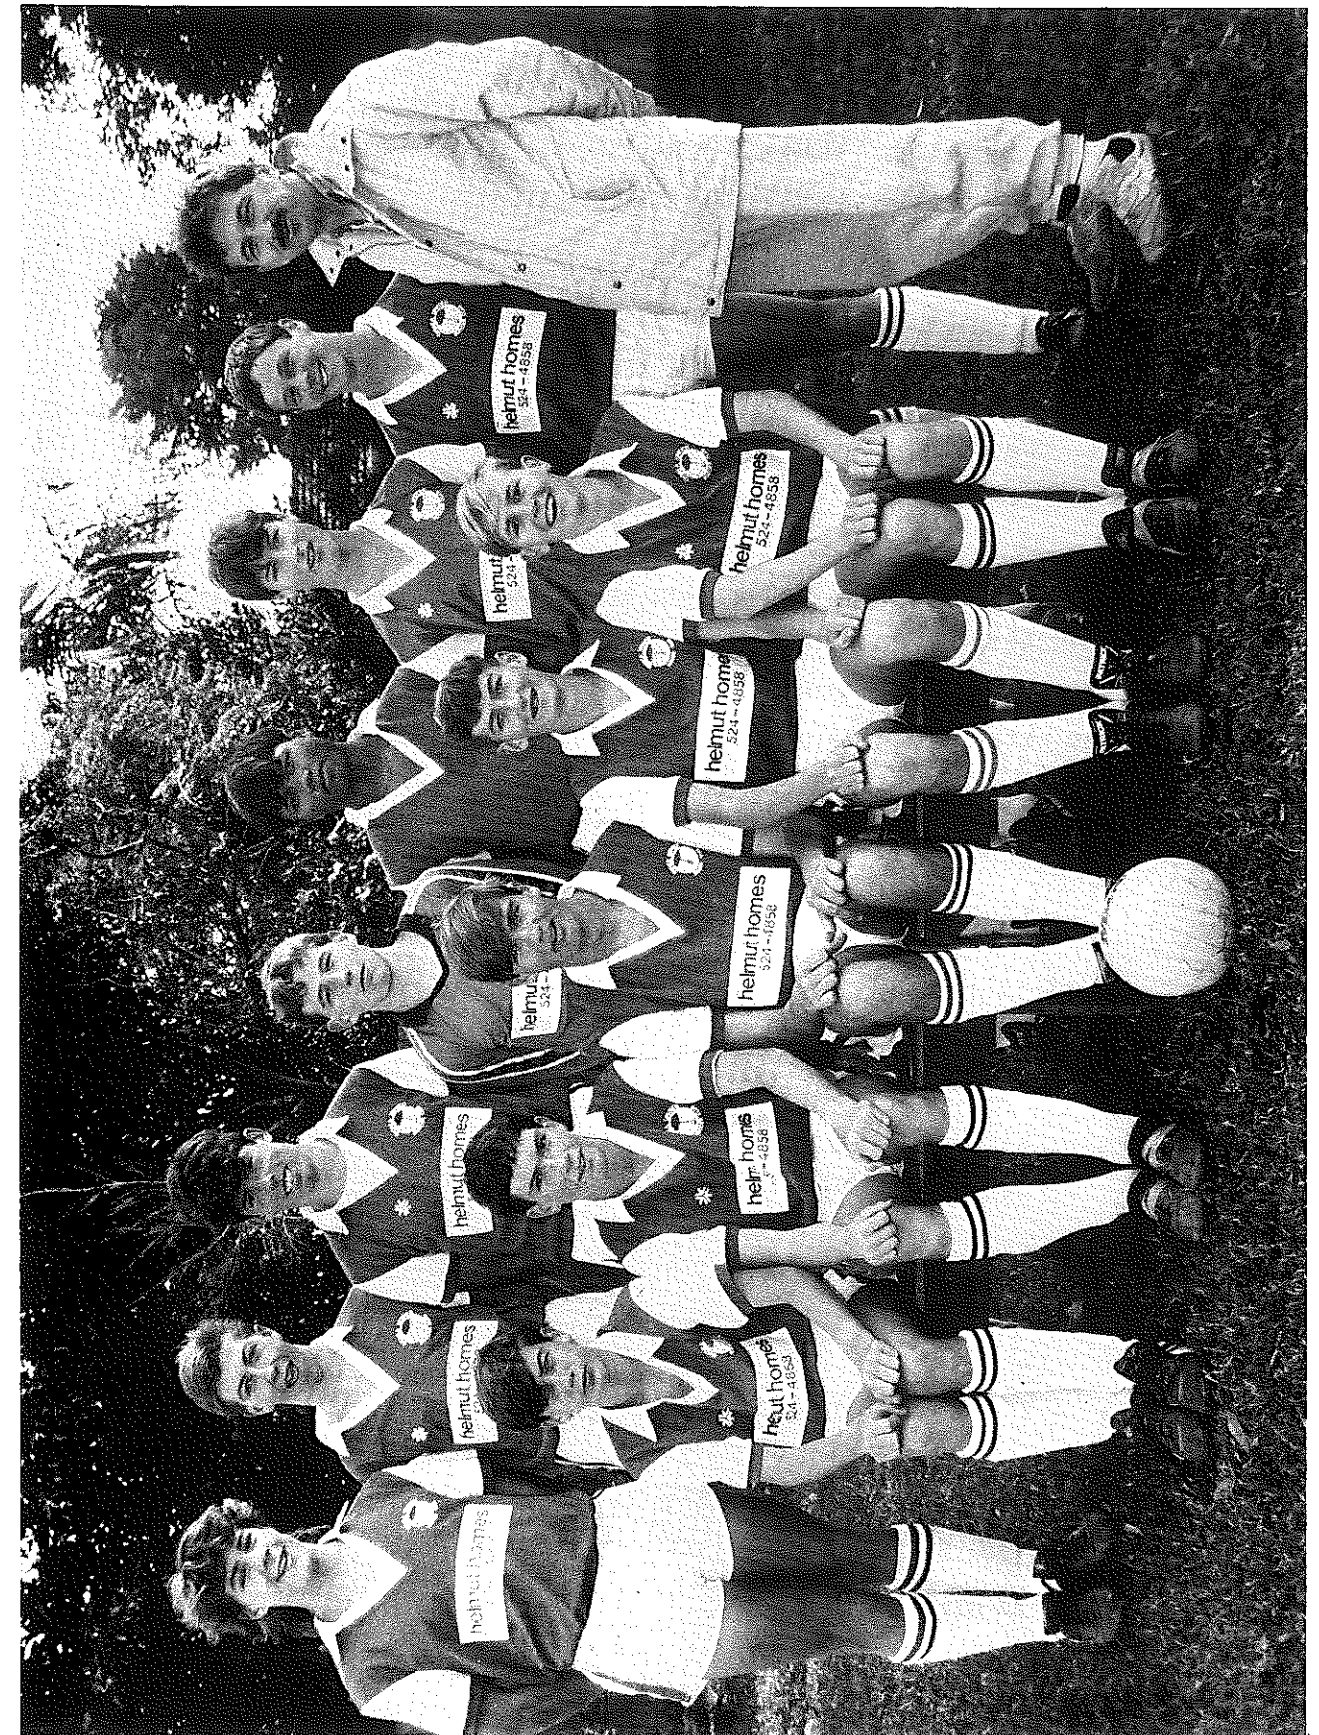

Some fine performances in the season and some not so good but we achieved victories over each of the four top teams.

This was a most enjoyable year with a large amount of teamwork and encouragement displayed by the boys. On numerous occasions they led some of the better teams until minutes before full time only to submit to a draw or even a loss. The 15C's were still in the running until the last three games.

One of the main components missing from the team this year was a consistent goal scorer. At the other end of the field we did have a good goalkeeper. Congratulations to Craig Pinney for playing at Gynea for the past 10 years. Thanks to the parents who helped in Ground Control and Canteen on both occasions. I look forward to seeing ALL of you next year.

A difficult season where we started with only nine players and did not field a full team until round five, in this standard of soccer you cannot do this and still hope to make the semi's.

A good standard of football played in the right spirit i.e. be competitive and try to win but if you don't/ bad luck.

The team developed and matured through the year and it is to be hoped they will play together next season, with 14 players they would have been a threat to the 17's and will be semi-finalist's in the nineteen's.

A pleasure to be a part of----- thanks for the effort.

At the start of the season, 11 guys who hardly knew each other came together and played their first game, result was no good. After the first four games I said to our manager, it could be a long cold winter, he agreed. But after the fifth game we started to click as a side and we only lost about two or three games after that. Our last game needed only a draw but we lost 2-1, with their second goal being very doubtful.

With us losing forced a three way play off on the Tuesday night, we were unlucky to lose 2-1 again against a very strong and extra keen side.

What I am saying is that we proved our critics wrong.

Other teams were known to say we are playing Gynea's Easybeats this week but this never happened. And that every guy in our side can stand proud of his achievements this year.

Thanks to the support of our parents throughout the year and to our sponsor Gary Flynn's Smash Repairs.

Also thanks to our Club for putting up with us.

See you all in 1991.

Great season had by all, finished 4th in the competition, 39 goals for 27 against. During the season we played some great and some ordinary soccer. When we kept the ball on the ground we had control, in the air we lost our way. But being our first up season we did well and with a little bit of luck we could have very easily finished higher up the ladder.

All players gave all on the paddock hung over or not.

Spider Grills did a great job as stand in keeper (after Ian R broke his jaw) producing some outstanding saves and using his voice from behind play, to the teams advantage. Gynea new but old players in Ben White and Steve McMahon both had outstanding seasons combineing well at times in attack, look forward to seeing you both at Gynea again next season.

As manager I take this opportunity to thank the 21A team for a most enjoyable season and congratulate each and every one of you on your conduct and performance on and of the field.

As I have stated in previous correspondence this has been one of the most enigmatic teams I have been associated with, with all the individual brilliance a side could need we seemed to struggle, as a team, with arguing and carrying on from numerous players and whilst there were times I wondered why I bothered, there were other times when the side was a heap of laughs.

But we struggled from the start without a regular goalkeeper, we used six throughout the year.

Prawn falling off his bar stool and missing the first half of the year, and Clington having his heart and lung pumped up, not that it did much good they deflated at the first sign of trouble.

I must make special mention to the old man of the side, " BOSTOCK ", who has decided to call it a day at 40 after having played some of the best football of his career after being offered a position in a senior side he decided life would be better in the sun.

The side had some real characters this year, " Tex " whatever side he plays in you need plenty of dummies, " Owly " lock up your women, " Rod " who spends Friday and Saturday nights in a park in Hurstville with a pocket of boiled lollies, " Davey Boy " Smith who seems to just get a high out of life (I think), " Grandstand " as his name suggests, he always played on the side the crowd was, or I should say he stood on that side, he could also have been called " Buckets " as he was never out of it, and finally the " Teal Brothers " who were never far from World War 111 amongst them selves.

Well that is all for now it has been a different year to say the least and I will have to start pre-season recruitment early this year with having to look under bar stools and in parks for players, I wonder whether it is all worth it.

But for anyone wishing to sue I did not write this and if I did I plead temporarily insane.

P.S. Big thank you to the girls in the side, no not the players but their lady friends they brought each week, maybe we should have played them instead of the tarts we put on the field each week (only joking).

But seriously thanks to Chook,Vule and Big Jen.

Have to go now, I have got six months in the funny farm to get myself ready for next year.

Coach: Jack Grigg

Manager: Graham Thornley

Players:

MICHAEL BLUMOR	MARK BONHOTE	GRANT BOWMAN
MARK CUPITT	PAUL DARLING	ALEX DIMOVSKI
GRANT EDWARDS	MATT GALE	BRUCE GRIGG
MURRAY HOLMES	JASON MANNELL	GARTH PETTIT
PETER ROSSITER	ALAN SLINGSBY	ROD TURNER

This year saw the re-emergence to the coaching scene of Jack Grigg, it took a lot of persuasion (and a few beers) to talk Jack out of retirement. The sadistic David Ollerenshaw was co-opted to be the team's trainer. The combination of Jack and Olly saw the team start the season fitter and more well prepared than for many years, and our expectations were high.

As sometimes happens with gradings we finished up in a particularly hard competition, and I can honestly say that we did not have one easy game all season, we had to fight hard for every point.

We finished in 4th position and contested the semi final against Bosco (who we beat twice during the season).The boys stuck to their normal pre match routine and went out and got themselves written off at the local Mexian Restraunt. Allegations were rife that the team was nobbled-- Was it the Chilli Sauce?, Or was it the Taco's?. Anyway we held Bosco in general play but their 2 strikers were in great form and won the game for Bosco.

The following are the players and their contribution to the season:--
MARK CUPITT=== Mark played in the halves and played well all season. He deserves to get the team Oscar for some of the great dives he took in the penalty box.

BRUCE GRIGG=== A great exponent of the field goal, never afraid to slot one over the black dot. Once we explained to him that the ball is meant to go into the net, he scored and set up some great goals in the second half of the season.

MURRAY HOLMES=== Buzzie built himself up enormously during the off season in order to take the knocks that are dished out to goal keepers. However as with any muscle bound person he lacked a bit in agility. Buzzie improved all season and made some great saves. He was most definietly the best attired goal keeper in the competition.

ALAN SLINGSBY=== A high stepping, hard running half. Alan was the Mr Perpetual Motion of the team. a non stop 100 per cent player. Alan was not a high profile player but was prepared to put in the hard work and had a very good season.

GARTH PETTIT=== The " Guru" once again produced a few pieces of magic this season, a couple of goals he scored this season had to be seen to be believed.

ROD TURNER=== " Rocket Rod" had a great season, easily the form player of the team, it must be that clean fresh Wollongong Air. Rocket scored some great goals and was an ever present danger to the opposition.

GRANT EDWARDS=== " The Blocker"-- tough, hard, uncompromising, great speed boat, the man's got it all. Every team needs an enforcer, someone to dominate the ruck area and intimidate the opposition.

PAUL DARLING=== " Denka Darlo" once again put 100% effort into every game. Darlo was never afraid to request medical assistance and usually made the Manager run out at least 20 times a game, at one point we were afraid he was getting hooked on magic spray and getting high on Denkarub.

PETER ROSSITER=== The quiet acheiver of the team. Peter played well in the halves all season and scored one memorable goal from a long range shot. Peter never quite recovered from his bucks night and still has a greenish tinch to his face.

MATT GALE=== Shaggy Gale was our new signing on the youth incentive scheme. Young Matt played as if there was no tomorrow and he had 100% hospital cover. When we moved Matt to the wing late in the season we uncovered a great wing potential, he scored some sensational goals and we predict a bright future for him.

ALEX DIMOVSKI=== Alex proved to be a great signing this season, a player that actually has ball skills. Once he got over the initial shock of meeting all the blokes, and wondering what in the hell he had got himself into, he settled in well to our free flowing style of play.

JASON MANNELL=== Victor had an absolute blinder of a season. Probably the most talented ball player in the competition, he looked as though he had the ball on a string. He scored a majority of our goals and one goal from a header at Gynea Bay will be etched in my memory for a long time.

Don't you just hate blokes like that?

MICHAEL BLUMER=== It was King Mick's testamonial year, and Tooheys put out a 15 can pack (I wonder who got it) to celebrate. Mick had an injury plagued year with that old hamy still giving him problems. Although he did not play many games he added a lot of authority to the bench and was never afraid to alert Referee's to their errors of interpretation. When he was called upon to play it usually resulted in a flock of vultures circiling over the ground.

GRANT BOWMAN=== Once again Bow was the backbone of our defense. Playing centre back Bow used his tremendous pace to diffuse many difficult situations.

MARK BONHOTE=== " John Boy'" had another good year on the wing. Using his good pace and great balance he always seems to be able to beat his opposite and get in a shot. John Boy was struck down towards the end of the season by a crippling hamstring injury, probably incurred on the dance floor at the Aids.

CHAD SMITH== ASSISTANT MANAGER=== Although away overseas for part of the season, Chad came back for the big end of season games. His extra weight and mobility gave the bench that look of authority which is so vital for the big end of season game's.

DAVID OLLERENSHAW== TRAINER=== Dave would have made a great Marine Drill Instructor.

Finally, Jack and I would like to thank all the boys for all the effort put in during the season. We would also like to thank our supporters. easily the best in the competition, and also our sponsters Cascades.

Unfortunately a team report had not been received by the time the magazine had to go to the printers, but it is known that while the team enjoyed themselves they suffered from lack of players often taking the field with only eight men. However they picked up their only points of the season with only two games to go and this gave great cause to celebrate. Many thanks to the team members and their ladies for a great effort on ground control each time they were on duty.

Team started out very slow but came through in most early matches. With a new coach our style of play was changed considerable, which was very hard to change the way we had played in the past, considering we have played together for so long. This did not pay off until most of the season was over. But once the team came together and the style picked up we finished the season in great form dipping out in the final with a draw, which with the new rules was not pleasing since we arrived in the finals in fourth position. It has been a top year boy's, better luck next year with the return and recruitment of some more players.

The start of the 90 season saw two half teams and a bunch of misfits come together to register 17 players, a few training runs and that was it, the season started.

We managed to find a manager out of the blue but he disappeared just as fast a month later. A few key players were eliminated, one by means of being rejected for playing in a higher grade three or four years ago. Mark Velder ended his season in the first game against Miranda 1, with a leg injury. We still have not found a coach.

Three games into the season we still did not know what position everyone was playing but we started to make a few position shuffles and settled with a base team.

Unfortunately due to players living as far away as Campbelltown and Wollongong and work commitments, every week was a lottery, but I guess that is the same everywhere and could not be helped.

But we managed. We nearly always had a full team and never forfeited.

At times we looked pretty good. We held some teams down and were even leading sometimes by half time.

But that was where it ended. Just call us half hearted. Our hearts were all in it the first halves, but we always seemed to allow the second half to slip away.

(P.S. This could be the result of never training)

We also had a problem of finishing off our moves in the front line, if only we got minor points for managing to deliver the ball to the 6 yard box, we could have won a few games.

But in conclusion we played soccer for fun and to have a run, if the board (or whomever decides the gradings) had left us in the A/A7 instead of upgrading a team that had to learn each others names first, the season could have been less frustrating.

As your Coach I had a very happy and enjoyable season, watching you guys go around each week proving to me you were the best team in this competition.

We only lost the final in the last minute through a lousy twist of fate. The 14 players in the squad worked hard all year both at training and in the game--- well done (one and all).

I have been associated with Coaching Teams in this Club over the last 24 years, and I can stand behind these statement's,with the pride that you as a Team forefilled all your obligations. " It may do us best to keep in mind that if you worry about yesterday's failures, then to-days successors will be few",and that must be our MOTTO in 1991.

We best strip again next year and give the competition of 1991, a BIG SHAKE, you have already shown that we do not need luck,we just do not want the other team to have any, we will win on our own METTLE. My most difficult task this year was to nominate the player to receive the most improved, however, the guide line was the committment---- dedication and character shown by this player.

Thanks a million to our lovely and loyal Band of Supporters, your presence at our games was a motivating factor (not forgetting the dog). And also thanking the Management Committee of the Gynea Soccer Club, and the Club as a whole for giving us the chance to compete in the 1990 soccer season, with the C.D.C. of 1991, you never know, we may bring home the Premiership- it is worth another Bash.

The 1990 season for the A/A7's was the first playing for Gynea United, and we would like to thank the Gynea United Soccer Club for all it's help and support during the season.

Although the season was not a great success as indicated by the points table, it was certainly eventful and we even managed to play most of the games (even the early ones, and believe me there were plenty of them!)

The team player of the year has to be Michael Langford (now in London) as he attended every game (and scored most of our goals!!!)

Thanks again Gynea, see you again next year.

SEMI FINALISTS-- 1990

At the start of the season we welcomed some new players to the fold.

It was not long before they to along with previous players settled in to enjoy the 1990 0'35 season. We had our high's and low's on the field but in true Gynea style and determined play earned our way into the final four. Gynea have been in the semi's since winning the Innaugural year four years ago.

Anyway back to the semi this year.

Unfortunately we lost this game but our team can be proud of what they have achieved. Not bad for a "Bunch of old Blokes".

I would like to take this opportunity to thank Coach Paul Dunn, our loyal and band of supporters and "Our Team" for providing a very entertaining season and wish them all a very happy summer season. See you all next year.

A very successful season. The aim was to have a game of soccer and enjoy it.

We only reached this target every game.

We made sure at least one player was fined each week to ensure there was ample fluid supply the following week. A couple more wins would have seen us in the semi's, but we can be well pleased with our fourteen points and some pretty respectable games. Including beating three of the top four and only losing to the eventual Premiers by one goal each time.

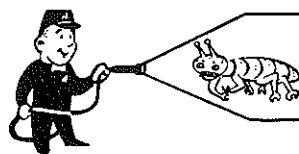

Mention should be made of our "ALL ROUND" keeper Ron. Travelling many miles each week to "STAND" in goals for us. Poor Ron injured his ankle in the rush to the esky after one of our tailend games, and had to sit next to the esky for the last couple, he did try and return for our last game, but had to retire thirsty at half time.

Also noted was the presence of "SAFE AS A BANK" Wardy, "most of the time", playing sweeper and moulding our back line into one of the best in the competition. Two more additions up front, Gibbo and Leffler, aided our attack and if these blokes ever hit the net, look out.

Seriously, thank you Michael Ward and Madam Lash, Team executive.

Thank you wives and supporters. Special thanks to all at the top of this report. Without the cast, our second season in the "B" division would not have been the success it was.

See you all next season.
