## PRESIDENT'S REPORT

It gives me great pleasure in presenting the 1995 Year Book as a memento of your club's achievement.

The club continues to grow and with 600 playing members spread over 36 Saturday teams and 12 Sunday teams, we had another successful year despite some early problems with some team numbers.

Despite the wet weather in the early part of the season which caused the field to be closed for several weeks for both games and training, the ground held up fairly well and we were again granted finals and grand finals this year.

### THE RESULT

16 of a possible 34 competitive teams reached the semi finals with 6 teams reaching grand finals.

#### PREMIERS:

**11A, 14A, PL2**

#### MINOR PREMIERS:

**14A, 15B-1, AL9, PL2**

#### RUNNERS UP:

**15B1, AL9, 35B-2**

#### FINALISTS:

**13B-1, AL4, 35A, 35B-1**

#### SEMI FINALISTS:

**13A, 16A, 21A-1, 21C, AL10, AL12**

In addition the 14As were runners up the Under 14 State Cup while the PL2s and 21As were defeated in the quarter finals of the Amateur and Robertson Cups (respectively). The 16As performed creditably in their state cup matches.

Congratulations to all coaches who passed their level 1 coaching course this year. The ultimate aim is to have all our coaches at least at this level.

Finally I would like to thank the many hard workers of our management committees, our coaches and team managers who put many hours into their respective jobs to help their children and senior players benefit from our great club. To Craig Teal, Jan Dennis and Kerrie Chatto we wish them all the best in retirement after many years of service on committees.

**RAY DENNIS**

### Gynea wins QANTAS CUP

For the first time in the 28 year history of the Qantas Cup it has been won by Gynea and presented at the recent association dinner.

The Cup is awarded to the best club in open age divisions based on aggregates.

Winning the Cup is a tribute to all Sunday teams and players for their season long performances on the field.

I believe it also says a lot for the sideline support given by teams to other sides as they stay on for other games. Teams love playing at Gynea because it is where the action is, and in this regard we thank the Sunday Hall Committee for providing the support to all the action.

### CLUB SPONSORS

Our club sponsors have contributed significantly to the club to offset the cost of the Newsheet throughout the season. We are very fortunate to have their support and the committee wishes to thank them on behalf of the club and hope all members will give them consideration in the future.

A special thank you to Video Ezy for supplying Man of the Match awards each week for junior teams.

### CANTEEN REPORT

Thank you to all parents, players, coaches, and managers for your help and assistance throughout the 1995 season. With all the hard work you all put in it made my job a whole lot easier. I would like to wish Lynn Mudie all the best for the 1996 season - hope it all goes well like it did for myself over the past six years.

I hope you all have a fantastic and successful 1996 season.

JAN DENNIS  
RETIRING CANTEEN SUPERVISOR

### NEWSHEET EDITOR

What can I say - thanks to the managers who not only managed a team but also managed to formulate a way to put the team's performance for the day's play on paper. Not only were they a pleasure to read, it was nice to see first hand the kids' performances. It's a good feeling to know that we have so many talented and happy players at Gynea.

Speaking of talent, we also have pretty good talent when it comes to essay writing - the hours I spent trying to decipher some of the scrawl, some of those reports make doctors articles look like transcripts from heaven. (My apologies to names that were misspelt or typed wrong - I'm sure you can guess why). Not to mention trying to stay awake long enough at night to type those reports that just seemed to keep going - (I know who you are - watch out, I'll catch up with you next year!)

### FUNDRAISING

While it was not intended to hold another Maltesers drive this year, we found it necessary due to the loss of canteen revenue and transfer of games during the early wet weather games. We would like to thank all the members who sold the Maltesers and M&Ms during July.

As a result we were able to raise some \$4,200 plus collect prizes for all families who sold one or more containers. 16 soccer balls will be distributed by a lucky draw to members who sold at least 1 container.

Many thanks to you all for your help.

The 6Bs were certainly a formidable little outfit, but more importantly, they were a great bunch of kids. We began the season as the 6Cs and were regraded to the 6Bs part way through the year which resulted in many exciting games. The boys always played with great spirit and noticeably improved their skills thanks to their patient and dedicated coach, Dave Penny. Joel Leffler and Rhys Greenup were our most improved players and became reliable and most inseparable, mid field defenders. Jem Penny constantly caught the opposition off guard since they didn't believe such a little bloke could be so tough. Andrew Lee was like a mini Mark Carroll and inspired with his tenacity and determination. When Kyle Fifield and Bryce Forrest kicked the ball, the ball stayed kicked and any opposition players that found themselves in the way knew they had been hit. With Aiden Baston's instinctive ability it was tempting to use him as our specialist goalkeeper ... too bad it was under 6s! Matt Lehmann was our Mr Perpetual motion and didn't excel in any particular area, he excelled in them all.

My sincere thanks go to all the parents for making my managing job as pleasant and simple as it could possibly be.

The boys started the season off slowly, having high scores against them from other clubs that had stronger players than us and probably a bit more 'know how' as well. We were soon dropped to C grade, which gave the boys and parents more confidence to continue the season. Towards the middle of the season, the boys started to play together well. The scores were not so bad in the second round, with four wins, quite a few draws and not so many losses which showed that they had improved somewhat. The boys played in the Nursery Knock Out, doing well in getting into the semis and being knocked out by a very strong Lilli Pilli team. They all received a lovely medallion for an effort well done. I would like to wish Alex T, Chris, Craig, Dean, Hugh, Scott and Simon all the best next year when you go into the 7s and Alexander T who will remain in the 6s. Thank you for being such great little players. To the parents, thank you for putting up with the unorganised Manager in the beginning. I do appreciate your patience throughout the season. You were a great bunch of people to know and share a cocktail or two, three, four....

Finally, a big 'thank you' to Ray and Ian, who also had their first taste at coaching and did a great job. The boys may not have shown it at times, but they did enjoy having you two around. What about next year??? Now its time to sign off for the last time, so I wish you all well and hope to see you around the grounds again next year.

## 6D

**Coach:** Gavin Bates

**Manager:** Stephen Haberley

CHRISTOPHER CRONIN	ANDREW DOWRICK	JASON GIBBS
BENJAMIN HABERLEY	JEAN LOUIS LEBREUX	SEAN O'SULLIVAN
TIMOTHY PORTER	MICHAEL THOMPSON	THOMAS VERNIER

The 6Ds enjoyed a very good season. All the players were playing their first season, as was Coach Gavin. From the sideline the improvement in the boys was remarkable. The team won 75% of their club games, and made it to the semi finals in the "Rangers Knockout" - well done boys.

The lineup:

Tim	Every week played hard, tackled well, and scored some fine goals.
Jason	With his huge kick scored a lot of goals and played well
Christopher	Our only real forward made lots of scything runs which resulted in many goals.
Michael	Tackled hard, dribbled the ball strongly, also being a regular on the scoresheet.
Jean Louis	Another regular scorer, and has some great ball skills.
Benjamin	Picked up his game towards the end and tackled hard. Scored a good goal.
Sean	Always tried hard, covering lots of ground each week, and was rewarded with several goals.
Thomas	Also tried hard each week, found his niche late as a fullback, and he tackled well, cleaning up lots of loose balls.
Andrew	Our toughest and smallest member found the going tough, but he battled hard and won some good ball.

## 6F

**Coach:** G Taylor

**Manager:** P Hunt

REDE CARNEY	MICHAEL NICHOLSON	LUKE NOY
MITCHELL PARKES	CHRISTOPHER PITT	THOMAS STURMANN
EVAN TAYLOR	LUKE ZAGAME	MICHAEL HUNT

A fantastic season. After a slow start when the boys were a little lost it became noticeable the weekly improvement in each and every boy. By season's end they were starting to play as a team. The most pleasing aspects of the season were the improvement in each player and the fact that everyone had a lot of fun, which is the most important thing. After losing three of the first four games the 6Fs were undefeated for the rest of the season. Proof of the improvement individually and as a team. For the record, 16 games played, 12 wins, 1 draw, 3 losses, 54 goals for, 22 against. There was a lot of good team spirit amongst the boys and the parents become good friends which made wintry 8:00am starts a lot easier!

I would like to take this opportunity on behalf of the parents and players to thank coach Craig Taylor for all his time and effort throughout the year. Thanks Coach. All the best in your new surrounds to you, Julie, Evan and the twins. After such an enjoyable year we would all like to see this team stay together and hopefully we will see you all next year. Thank you to all the boys and parents for a great season.

## 6H

**Coach:** John Economos

**Manager:** Wendy Butler

CALLUM BUTLER	JONATHAN DIXON	CIARAN DONOVAN
DANIEL ECONOMOS	DAVID EDWARDS	MICHAEL GRAY
JARRAD SPRING	SHAUN WILLIAMS	KEITH YOUNG

My last duty as manager of 6H was to write this report. It's nice in one way, but in another sad as I have enjoyed meeting every Saturday with a great bunch of people. Firstly, I'd like to say thanks to all the parents. You encouraged your sons to play 'the greatest game of all'. You always had them there on time, encouraged and supported them, often loudly! Secondly, the boys. They learnt more than the game this season, they learnt teamwork, friendship, co-ordination, victory and defeat and took it all in their stride. Thirdly, Assistant Coach Rod, who backed John every game. He encouraged the boys to go on even when the chips were down. He always detailed each game on paper to give the boys their "Giant Tales" memoirs. Lastly, coach John who put it all together on the field, with a smile. He always yelled encouragement, never criticism and let the boys know 'they were the champions'.

So team, 6H, Callum, Ciaran, Jonathan, Daniel, David, Michael, Jarrad, Shaun, and Keith, let's do it again next year. (Up the mighty Giants!!!)

## 7A

**Coach:** Peter Lawton

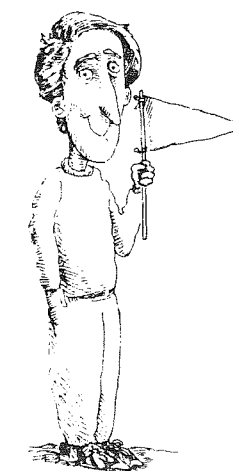

**Manager:** Katie Scotland

BLAKE ALLBON	WADE BRYANT	THOMAS COOK
DANIEL FOGDEN	LUKE HOPKINS	BROCK LAWTON
DALE LINCOLN	PAUL SCOTLAND	MATHEW NICHOLS

This has been a great season for the boys, most of whom played together in 1994 in the 6Bs. The boys new to the old 6Bs of 1994 fitted in well and the 1995 7As was formed.

The season started out wet with many games cancelled. With nine players the boys found it a challenge to play many different positions, however, under the watchful eye of the coach, Peter Lawton, the boys progressed well in their ball skills and by the end of the season, were powering. This is the makings of a great Under 8 Year team! Special thanks to the parents for being supportive in all the tasks that needed to be done and being there at the sidelines encouraging our boys on each and every game. I'm sure the boys appreciated our 'animated' enthusiasm.

Hope to see you all in 1996.

## 7C

**Coach:** Joe Treacy

**Manager:** Ian Carter

TIMOTHY BLIGHT	REECE CARTER	JASON LANCASTER
TIMOTHY HART	THOMAS COLE	JASON COULTER
GARETH VELLA	JAMES TREACY	STEVEN THORNBOROUGH

A poor start to the season losing all but the first five games, the boys gave their best in a high grade considering only three had played before. Dropping to a C grade saw us as one of the better sides with an even share of results, our inability to take chances saw several results get away from us when we deserved better. All the boys tried their best and were keen to keep going at all times. The turn out at training was always very good, with never less than a 75% turnout. It is very satisfying to see boys who have never played before come on in such a short time from total novices to players with potential if they stick to the "beautiful game" (Pelle's words not mine). Finally a word of thanks to the parents whose support was constructive and enthusiastic, but never over the top, no relived childhoods here (apart from the coach!) Stick to it boys and come back next season.

## 7D

**Coach:** Mark Cameron/Stewart Teal

**Manager:** Michelle Pyne

PETER BRIEN	SAM BRUCE	MITCHELL CAMERON
NATHAN CAWSEY	DANIEL COUPE	JARRYD KNAPP
SHAUN PARTON	SHAUN PYNE	JOSHUA REES

Overall 1995 was quite a good season for the boys in the 7Ds. They all enjoyed themselves and there was a certain amount of improvement in all of their soccer skills. Some of the children had not played before and they adapted very well to the game, they started to learn the value of working as a team. The general aim of coaching the boys is to ensure that they enjoy themselves and along the way improve their soccer skills. I believe some of them improved to the extent that they will be graded to a higher grade next year. We had a dynamite bunch of players, Shaun "Roughnut" Parton, Jarryd "Bulldog" Knapp, "Slammin" Sam Bruce, Shaun "The Hammer" Pyne, Mitchell "Mad Dog" Cameron, Daniel "The Destroyer" Coupe, "Punishing" Peter Brien, Joshua "The Juggernaut" Rees and Nathan "The Neutraliser" Cawsey. What a team of legends, good luck for 1996.

## 7G

**Coach:** Lee Sutherland/Steven Musso

**Manager:** John Riordan

ANDREW BARKER	NICHOLAS BECK	NICHOLAS DELDIN
MATTHEW DODDS	JOHN NICHOLSON	MATTHEW RIORDAN
RUSSELL SMITH	GLEN SULLIVAN	MARC HOBMAN

Everyone associated with the team had an exciting year, coaches, players and especially parents! Each boy developed new skills over the course of the season largely due to the efforts of our two excellent coaches Lee Sutherland and Stephen Musso. These two young men put in many hours of training and encouragement which was very much appreciated by the boys and the parents. Andrew Barker, Marc Hobman, Nicholas Beck and Nicholas Deldin played well right through the season. Also playing strongly were Matthew Dodds, John Nicholson, Matthew Riordan, Russell Smith and Glen Sullivan. Everyone in the team always did their best, even when being beaten. The boys showed a lot of courage in every game and everyone was very proud of them.

## 7I

**Coach:** Damien Welsh/Mitchell Clark

**Manager:** Sue Melbourne

MATT CHAFFEY	ROSS HENNESY	JOEL KING
RHYS MELBOURNE	TIM MORANDIINI	MATTHEW SNOWDON
MITCHELL SLATTERY	LUKE TERRY	MICHAEL WEST

Well, the 7Is didn't have too many wins in '95 but they certainly had lots of fun and we have all made some good friends. Our coaches Damien Welsh and Mitchell Clark were a great asset to the team, team spirit and good sportsmanship was always evident, no doubt due to the shining example. The 7Is improved steadily every week throughout the season and showed great tenacity, I'm sure they will all go on to bigger and better things in the coming seasons with Gynea United.

## 8B

**Coach:** Gary Landsberry

**Manager:** Irena Baltins

The Team:

*Benjamin Baltins*

*Cameron Bates*

*Andrew Bell*

*Brok Carney*

*Christopher Igooe*

*Joshua Landsberry*

*Adrian Player*

*David Scotland*

*Simon Wick*

Who was strong in defence, but also liked to sneak into the forwards to net a few goals

Whose speed and agility were a great asset

Who was fearless in midfield and played the ball even when he was on the ground

Who ran the ball well up the wing

Who was rock solid as fullback and always encouraged his teammates

Who showed great ability in any position and played like a whirlwind

Who had the biggest clearing kicks on the team and used them to advantage

Who displayed ability in his attacking drives and as a striker

Who supported his teammates well and was always in the thick of the action making things difficult for the opponents.

The 8Bs had a great season, with only one loss! The boys showed commitment, determination, ability and self discipline. Thanks to coach Gary Landsberry, who was able to use their strengths, improve their weaknesses and develop their skills in teamwork.

Thank you to all the parents for their commitment to the side. Although we had no reserves, we hardly ever needed to use subs from other teams throughout the season.

MICHAEL TRELOAR		

It was a shame the season had to end as our boys really found form in the second half of the competition. Thank you to our fabulous coach David who had the pleasure of seeing the boys really mature with their ball skills and positional play to develop into a really good little team. We all appreciate the time you gave to the boys.

Congratulations Michael Treloar on a personal tally of 13 goals this season and to Simon, Michael Lee and Matthew who each scored 3 with Wade adding 1 goal. Also great team members who always gave 100% effort in defence and attack were David, Lyndon, Cameron, Colin and Ryan who showed his great skill as goalie. Highlights of the season included our minor semi final achievement at the Gala Day, our wins over teams who thrashed us in the first round and the parents social functions which were a great success! Thank you to the parents and grandparents for their friendship and support and for making my job of manager an enjoyable experience.

## 8D

*To win is to grin hence the broad smiles of the 8Ds.*

Indeed, we did win most of our games this year. In fact we only lost one with a few drawn games thrown in to restore some burgeoning egos. But win, lose or draw the feature that characterised our play was always the big smiles of our boys. Just having a fun game with a few mates every Saturday morning was their real reward. Nervous chattering was restricted to the parents and supporters on the sideline.

Many thanks to our team of real triers - Anthony, Andrew H, Andrew L, Blake, Brett, Christian, Daniel, Matt, and Phillip who made Saturday mornings so enjoyable (except of course for the 6am ground control).

And thanks indeed to our two super coaches Reece and Scott for their secret training methods.

This year 1995, has been my 'inaugural' year in soccer. I can see myself, somehow at the beginning of a long association with the Giants. Without prejudice, I have seen my 8 year old son, Lloyd, improve in leaps and bounds since the beginning of the year, he can run all over the park. Another one of our team members, Mathew Elliott is an absolutely great forward, along with all the team, David Edwards, Clay Quinliven, Leon Stanes, Mitchell Broom, Ryan Broom, Joel Coubrough, and our late recruitment, Shannon Moore, which made up the 8Gs, We didn't win many, but boy we came on so much as a team and more importantly, as friends.

**Manager:** Jo Bryant

PAUL ARCHER	TODD BRYANT	TRAVIS FRASER
ADAM GABBEY	NATHAN GRANT	JOHN HOWARD
DAVID JEDRZEJCZYK	RYAN LEHMANN	TRENT ROGERS
JOSHUA WALKER	CHRISTOPHER WOOD	

All 11 players were a great group of boys and the team fought tirelessly throughout the season. We were unfortunate this year only clocking up one win, a number of draws and a few losses. Our best games were always against the toughest opposition, and we had them walking away shaking their heads. There is a great depth of talent, skill and determination in this side and with a little more knowledge and experience we'll most certainly be winners. Thanks to coach Tony Howard for the time he gave the boys, thanks also to all parents and supporters for a good season of soccer. See you all next year.

The 9C soccer team had 2 wins in the season which is a fair result for a team with 10 permanent players. The first and last 5 games were played with a 10 member team plus boys borrowed from the 8s and the 9Es and a big thank you to all the boys who filled in for us on these occasions. Jai did a great job of coaching the boys and I'm sure they all enjoyed the season. Thanks to all the mums and dads for getting the boys to training and games on time, and for supporting the team.

Finally a big thanks to all the members of the team for being such good sportsmen throughout the season. Well done.

The 9Fs had a great soccer season. The boys improved their skills aided by their coach Sandra. Robert confidently in control of defence, always reliable. Ryan Crow the predominant goalie, taking on the responsibility of that position. Alexander working hard and improving each week. Christian our first to score a goal for the season and consistently doing well. Tim the sly one able to get the ball off and past the opposition. Matthew's ability and confidence grew each week. Michael's slide tackles had to be seen to be believed. Nicholas running those long legs of his into the ground. Ryan Murphy putting the meaning into "never give in". Christopher and Lynden confident, capable and always smiling.

Well done boys, hope to see you all next year.

In what a lot of people would regard as a disappointing season, I was quite happy with the effort that the boys put in turning up week after week with a smile on their faces and as usual they made it very easy for me with their enthusiasm. The team lined up as follows:

<i>Wesley Rose</i>	Flat footed striker who gave 100% every week
<i>Luke Della Santa</i>	Robust defender who never took a backward step.
<i>Ben Parker</i>	One of our Midfield Generals with amazing ball skills
<i>Jerome Lebreux</i>	A mighty ant who took delight in standing opponents up.
<i>Harden Parker</i>	Alias "H", our other mighty ant who, after a slow start found his spot in the middle of defence.
<i>Jason Davidson</i>	One of our most improved performers who excelled in goals as well as on the park.
<i>Chris Coupe</i>	One of our quiet achievers with a very big heart and the weight of the world on his shoulders.
<i>James Austen</i>	Didn't play a bad game all year - was one of our driving forces
<i>John Adis</i>	Typifies his spirit by turning up to our last game 'crook as a dog' and put his usual brilliant effort in.
<i>Blake Stroh</i>	Along with Coupie, never said much but boy, did he do the job!
<i>Ryan Neale</i>	Excellent close-in ball skills and will really come into his own in years to come.
<i>Mitchell Elliott</i>	All of the above, robust, quiet and skilful.

All in all a great bunch of boys who will go a long way. Special thanks to Nada Lebreux as manager and the parents for putting up with me.

One of the notable things about the 1995 10Cs was the fact that every player contributed greatly to the team without anyone being dominant. It was a real team effort in which each boy at some stage played a critical role and every player figured in man of the match nominations at some stage.

In the end we didn't make the semis but we played some great games along the way giving a couple of the leaders a big scare. More importantly, the boys enjoyed their soccer and improved their skills throughout the year due to the dedicated coaching of Sharon Nichols and the valuable assistance of Steve McCrohon.

I was proud of the way the boys played the game and appreciative of the always positive support from the sideline. Hope to see you all again next year boys.

Unfortunately our team didn't make the finals or even win many games, but I can say two things they did achieve during the season and that was, learn a bit more about the game of soccer and more importantly enjoyed doing it. The jubilation and excitement that was shown each time we scored a goal (all 5 of them!) was electrifying (and that was just from the parents) which was a bonus for coach Symes and myself. The boys were triers if nothing else, which we could only ask for, and through this they developed their own playing styles. Some were quite happy to go along with the flow of the game while others chased the ball and got involved where necessary. Some, like Stephen, were too busy chatting up the girls on the opposing team. Each of our boys showed a definite improvement during the season. We would like to thank all the boys for their dedication at training and at the game each week. Just as important thank you to all the mums and dads who brought the boys to training each cold Wednesday night and every Saturday.

We hope that the soccer season was as enjoyable for each of you just as it was for us. Hope to see you next year.

Champions of 95, how sweet it sounds. How gratifying it feels!

The reward for things well done is to have it, and the 11As certainly did that. They gave us a season of nail biting, hair rising, exciting A-grade soccer.

We had an expected slow start, but to climb a steep hill requires slow pace at first. It was a new team, slowly finding its way. A team of individuals, unmoulded, with a new coach and manager; with parents unfamiliar with the other parents. Nevertheless, we were highly optimistic about the season, as we had a dedicated and committed group of players and supporting parents. By the end of round 8 we had only 9 points, and placed equal 4th. We had scored 16 goals and conceded 10, a difference of 6. We were doing it tough. From round 9 the team started to fire. With some masterful moulding and positional changes they started picking up speed. The wins started to come easy, then become demolition jobs. Lilli Pilli 5-0; Bangor 6-2; Sylvania 6-0; G/River 5-0. The team of individuals had blended into a formidable soccer unit. They were playing some devastating soccer, scoring spectacular goals, and thrilling the spectators with their teamwork. With one game to go, and lying equal first, they stumbled against Menai, losing 1-0. The surprising loss made them more determined, and in the semi finals, beat Lilli Pilli, the minor premiers, 3-0 to go straight to the Grand Final. The final was against the highly rated and proud Menai. The boys stayed focussed and emerged victorious by defeating them 1-0.

Looking back, it has been a great year, starting full of anticipation, experiencing drama, thrills and spills and finally, the ultimate reward. **To be crowned Champions!** I feel the greatest reward for doing is the opportunity to do more. I hope this achievement has kindled a desire within their young hearts and souls and lead them onto bigger feats and great victories, in soccer and all walks of life.

Thanks to (our manager) Stan Kirkman who supported us through out the year - great job Stan. Thank you to all the parents for your support at games and helping with training. Hopefully a grand final next year guys. Good luck in the years ahead.

Not quite the final result that the team, coach, manager and parents were hoping to achieve when the season started but the players can certainly be proud of their place on the ladder at the season's end. Warwick Gray was most probably hoping for another grand final year like last but with the loss of two thirds of those players and the changes to the grading system, most of the boys had come up from the U10s and found the going a little hard at first.

Serious training was new to most but by mid season the skills and team work was paying off and some excellent soccer was being played. Parents were pleased at the scores, although sometimes the team didn't play to their potential.

A slow start to the season with a 4-1 loss, a draw and a 3-1 loss saw the 12Ds start down the ladder but after a string of good wins they slowly crept up the ladder giving the teams at the top a fright. Who will forget that day in June at Menai (not the manager) when we walloped the top team 3-1 with some really good team work and a fiery brand of soccer. Too many draws and losses near the end and the team dropped out of the semi final race but certainly not disgraced by the efforts. Every player performed well in all games with some fine performances from Daniel, Glen and Ross up front; Scott, Grant Walker, Matthew Kidd and the never tiring Mitchell in the centres, the consistent backs of Rhys, Peter and Jillian stopping the ball before it got to the reliable keeping of Grant Smithers. Mathew Heard never had a bad game - he improved week after week and was always a worry to the opposition with his pace and skills. Matthews Noy and Trio were Mr Versatile and were happy to play in any position and played them well.

The coach and manager hope to see all the players back again next year and maybe get serious and go onto better things. We would also like to wish Jillian all the best in her new sport next year as she is unable to mix it with the boys in the U13s. She has been a keen competitor and never took a backward step against the boys, thank you Jillian.

What a "roller coaster" year for the Gynea Chicken Shop supported 13As. Last year's 12A premiers were split in half by the age changes and the first night of training was certainly a sea of new faces.

The year started dynamically with a string of excellent wins. Unfortunately this was followed by a four game losing streak. The boys beat the top team in the final round to force a play off for the semis - the result being an annihilation. The semis saw us fight out a tenacious two all draw after extra time, to see them hanging up their boots without defending the premiership. Congratulations to the boys who started as strangers and were moulded into an enthusiastic, skilful, committed and competitive team. The most pleasing aspect of the season was that the boys never gave up in any game and they continued to play for each other and their great club, showing fine sportsmanship to the very end. Finally the parents and our manager, Margaret must be thanked for their tremendous support and encouragement to the team throughout the season.

A year which started out with nobody really knowing one another, and with a mixture of under 10s, 11s, and 12s it looked like a difficult task when we were graded 13As. After 3 losses we were regraded to 13Bs and it was then that the boys started to blend into a team. The first round our form was still a little up and down, but we still managed to finish the first round on 12 points. It was in the second round when we really started to play well, winning 8 of our 9 games and beating the teams coming first, second, third and fourth, finishing up in 2nd place just two points behind the minor premiers. We went into the semi finals pretty confident that we could beat Georges River, but unfortunately we were outplayed by a better team on the day. We then had to face Menai in the final, once again we started slowly and were behind 2-0 at half time, but to the boys' credit they fought back, only to go down 2-1. It is here I would like to thank Ian, Todd, and Adam from the 13B-2 team for helping us out in both the semi and the final, their contribution was very much appreciated.

Also a team can't function without help, and it was here that I was lucky to have a great group of parents who were always willing to lend a hand. A big thank you especially to Sue and Hugo, Steve and Jenny, Urack our team sponsor and Ian who was such a great help at the start of the year. As for the boys, I find it difficult to pick out individual players as I feel this is a team game and all the players contribute to the team's success. What was especially gratifying to me was to see a group of boys, some of who didn't know each other at the start of the year, blend into a soccer team who played attractive attacking soccer the way it should be played.

All the boys played with enthusiasm and enjoyed their soccer. The grading of a combination of 11E and 12D players into the 13Bs appeared to be extremely optimistic. The starting of the season with ten players made the season look equally pessimistic. However, the lads were competitive throughout the season due to their sheer determined spirit to keep on going; in fact almost winning the Improvers Club with their second round efforts. Team skills as well as individual skills significantly improved with the overall result of four wins, three draws, and scoring 30 goals - certainly competitive in sixth position.

The strikers were Adam (18), Raymond (3) and Paul (2) - no opposition could afford to lose a moment's concentration against this awesome force. Midfield gelled in an assertive combination of Lachlan, Josh, Todd and Michael. Defence was solid with Ian at centre having a great season and ably assisted by the long and short of Matt and David. Our goalie, Sam, was ever reliable but hated retrieving the ball from the back of the net.

Many thanks to the 24 players that assisted us from either 11E, 11B, 12D and 13B1. Also many thanks to a very supportive group of mums and dads, as well as a great bunch of lads.

By any measure this was a stunning year for the Bates Bike Shop Boys.

- Undefeated Minor Premiers and Premiers with 18 wins, 2 draws and a 71-11 for and against record.
- Finalists in the U14 State Cup.
- Finalists in the Rick Wilkinson Memorial Tournament
- At the time of printing, have qualified for the Quarter Finals of the U14 Champion of Champions.

*This achievement is unmatched by any Gynea junior side for a decade or so.*

... /over

This blended team developed into a cohesive unit much earlier than expected and it was obvious from the outset this was a good side indeed. Their skill, understanding, positional play, support and enthusiasm made it difficult for an opposition to contain. As the season progressed their confidence increased and, as they met better quality teams, they were able to lift the quality of their own play. Throughout the season the forwards were impressive, the midfield dominant, the backs absolutely rock solid and our keeper almost impenetrable.

We would like to express our sincere appreciation to Coach Jim Anasis for his time, effort and commitment, and also to the players families and our wonderful sponsor Bates Bike Shop, Hurstville for their generous support. Our thanks as well to the Committee and the many club supporters, with a special mention to the members of the 13A team, without whom we would not have been as successful.

Congratulations to the players on a magnificent, memorable and very enjoyable season. We hope to see you all back again next year.

It was an interesting year for the boys, some playing together for the first time, a selection of nearly all attacking players, players not wanting to play in selected positions, the smallest team in the comp, a fair bit of sickness and ground closed due to wet weather. One incident that highlights the size of the team playing Menai at home, Ian was run over by the blonde sweeper and when asked where he was hurt, he said 'all over'. Having said all of the above, the boys did pretty well. After losing their first game 7-1, they then beat two of the semi finalists, Sylvania the eventual winners, who were lucky to beat us twice, and Lilli Pilli who were also another lucky team.

When the boys played as a team they played very exciting soccer, showing they not only had individual skills but very good teamwork as well.

I have been involved with teams and committees before, but I have not met anyone as organised as Michael Bloor. All your weekly reports were done by Michael, all the training balls were supplied by Michael, the boys had one each night - thank you Michael for all your organisation and help. Personally I was disappointed with my achievement or lack of it, but I hope the boys had fun and enjoyed themselves. Best wishes for next year.

The 1995 season saw a group of young men - the 15B-1s gain the title of UNDEFEATED MINOR PREMIERS.

Commitments elsewhere by our original coach Tony Howard resulted in the 15B-1s being coached by Paul Reid. Thanks Tony for your brief effort. As perhaps the title suggests, undefeated minor premiers was no easy effort. Sure we had a few easy games but there were a lot of games where we had to dig deep to come out on top.

To watch these young men play was a pleasure! They played their allotted positions well, covered each other, defended, attacked, supported each other - in all they played as one - A TEAM. This, together with their level of fitness, soccer skills and the coaching skills of Paul Reid, earned them this title. To have a coach who is at least one year older and in some cases in the same year at school, says a lot for Paul and the boys. Paul was the coach and all players respected that title by their attitude and willingness to support him at training and on the field. The grand final was one that got away. We beat Heathcote twice before reaching the semis, where they beat us in extra time. The grand final was a game that could have gone either way, especially in the second half. We were unlucky not to score but that is life....

To the parents and the club - you can be proud of these young men - they are a credit to you. Thanks to the parents for your support making this job a breeze. To the 15B-1s and Paul - commiserations on the loss of the grand final but CONGRATULATIONS on giving us supporters a great year watching your skills as a team. To Marc, Greg, Robbo, Matt C, Matt B, Todd and Ryan - congratulations on your 10 years service. To the 15B-2s, thank you for your support throughout the year in borrowing players, especially Les Keers. To Howard and Peta Yates, thanks for providing the oranges. They were a big hit. To John, who was co-manager, then coach, then assistant coach, thanks for your support from Paul. And finally, best wishes to the team and Paul in their summer sports and good luck for 1996.

Yes, it was a very tough year but to the guys credit they never shirked the task, starting and finishing every game with a great attitude, unfazed by the floggings that came our way. On reflecting over our 1995 soccer season one could say that it was successful in that we were able to reach the semi finals. As a team the boys bonded well, with their enthusiastic coach David Riley, team spirit developed, this being obvious by those on the sidelines. Others developed their playing ability, Adam Phipps and Michael Doney notable examples. Our goalie John Connor showed many times his skills and courage under pressure. The unfortunate retirement of Darren Martin early in the season left a hole in our defensive line, not easily filled. We had our chances of defeating the leading teams often only being denied in the last few minutes of the game. Boys, you have the ability, you just need a little more concentration at game's end. I hope you all had an enjoyable and satisfying season, I look forward to doing it again in 1996.

A season that promised so much eventually finished up as a slight disappointment.

We were unbeaten until round 9 when, a goal behind, we lost 30 minutes of the game due to an injury to an opposing player. In the second half of the season we seemed to lose our way and lost games we should have won. A disastrous two weeks saw us lose any chance of the minor premiership and we finished running third. In the semi final we came up against a committed Menai side, had no luck, lost two goalkeepers and finished up in a 4-0 defeat. Not the best way to end a season.

In the Robertson Cup we had a good run making the last eight before losing to another shire team in a close fought game that could have gone either way. Along the way we beat last year's U18 State Champions but could not achieve this level of play on a regular basis.

We were not helped by not being able to field the same team two weeks running and Dave Riley available for a few games, owing to injury. In addition some of our players also played for the PL2 side on the Sunday and with their Amateur Cup commitments on a Saturday, also meant we lost them.

On a positive note there were good individual performances on the field. Zac Marks had a great season only marred by his bad luck in front of goal. Cam Tracey improved in goals no end put in some great performances. Trent Jeffree and Michael Ward split most of our goals through the season. Danny Armstrong joined us midway through the season and performed well to take the Coach and Manager Award. Zac Marks was voted players player.

This team will split up next year and I wish them all luck next season. The last two seasons have been fun both on and off the pitch.

Let's cover "last things first" by reporting on the last game of the competition.

It really came together for the Giants as they displayed the level at which they had been striving for all season. The 5 nil win against Marton 1 mesmerised coach Ken Mudie and the band of loyal fans who soon dubbed them "the thinking man's team".

A memorable match not only for it's attack play but it produced Stefan and Jai's first goals of the season, with George, Murray and Daniel capping off their year's tally with one a piece.

The season saw us start with 14 fit and rule-fearing players. The number dwindled at one stage to 10 because of injuries and suspensions but thanks to the 15B1 & 2 players who helped us out, we managed to hang on. Whilst the first round was much tighter in terms of wins, goals and shooters the second saw us double our strikers, as those with a love of the stats will see from the following:

	First Round	Second Round
Win	0	4
Draw	0	1
Loss	3	4
For	19	18
Against	18	18
No of goal scorers	5	9

A creditable performance from a 21s side with an average age of just 18 and given the fact that this is their first season together. It reflects well the efforts of Ken and the team members and the undying devoting of their fans - look out 1996 competition.

The 1995 football season had many memorable moments for all involved. The mere fact that after languishing at the bottom of the table for the past three years and then suddenly for a fleeting second being semi final contenders will surely be etched in these football legends' memories for many a season. After a pre season signing spree the AL6s shaped as a force to be reckoned with. We reckoned it anyway. With personnel, similar to the size of any department store, the side had a mixture of accountants, tradesmen, bus and cab drivers, and a pizza man.

Yes, as you an' see, its hard to believe that this talent seeking side didn't collect the title but be sure, they'll be back for 96, bigger and hopefully better than ever!

A tremendous season that commenced January 15 at the Henderson Aquatic Centre and concluded poolside at Jupiters. A lot of water (and quite a few Crownies) passed under the bridge this season.

In 1,780 minutes of soccer we slotted 100 goals, were undefeated minor premiers, conceded the last goals of any team in the grade, saw two ambulances leave "Gymea Stadium" during games and had a lot of laughs. In 20 minutes on Sunday August 27 we conceded 3 goals, saw a whole season's hard work come undone and tasted the rather ordinary side of our first defeat.

In summary, a great season was had by a terrific bunch of blokes. I only hope we have as much fun next year.

The 1995 season saw the AL12s abandon our failed youth policy and Super Coach Bone demanded that we sign up battled hardened veteran players who could be relied upon when the going gets tough. Rob Gates, Jimmy Johnston, Geoff Wells and the "Tank" Jason Lee were all signed up as big mobile back rowers who all had high work rates. More strike power up front was required, with Warren Skipper and the legendary Guru Pettit fitting the bill perfectly. The team however, still seemed to lack something, and half way through the season it clicked - we didn't have a pommie. No team can ever obtain full credibility unless they have a pom, even if the individual pom can't play they still have to sound as if they know everything about the game. Thus the services of Adrian Warren were acquired who was not only a pommie but a pretty good soccer player as well.

We got off to a rampaging start winning most of our early games as the other teams had no answer to our big mobile pack of forwards who constantly drove the ball forward. It also helped playing the Redback teams every second week - they were great value. President Ray got very excited as he could see the coveted trophy heading our way and was making all sorts of plans - new trophy case, a ticker tape parade through Gynea, but to name a few.

Things went smoothly and we were leading the competition until mid way through the second round when the wheels began to fall off and we fell into a mid season slump. With Super Coach Bone away on representative duties and players injured and sick, the call went out to some of the past greats of AL12s to make a come back. Bozo Allen when approached just gave a cynical little laugh and said "I'm not playing with you jokes again!". Tony Dale, when he heard the call, put on his training gear and went straight up the oval to do a lap, fortunately there was an off-duty paramedic who was also at the oval who managed to revive him with heart massage.

When the great Steve "Stretch" Dolheguy heard the call he slammed the lever into 'eject' and put her into top gear, and as his Smoky Dawson chair began to tilt that look of fierce determination came over his face, a look we all know so well - the AL12s needed him. Alas however his Dawson Chair ejected him with just a touch too much vigour, and as his feet hit the floor, his knees failed and as his legs buckled and as he collapsed to the ground we saw the sheer look of agony that we came to know even better. Fortunately his wife Kelly was there to assist him back into his Dawson Chair and gave him a stubby and his remote control, and the old bloke settled back to reminisce about the great old days of AL12 soccer.

With Super Coach Bone back and Michael Blumor playing some inspired football we rallied and managed to finish third to play Bosco in the semi final. We held the youthful Bosco team to one all at half time, but with our major strike weapon Guru Pettit absent and Michael Blumor doing a hamstring (and refusing to take pain killing injections to play the second half), we were overrun by Bosco in the second half. It was a good season however and the players have now tasted semi final football and they liked it. We'll be back next season and will be looking to go even better and play in the big one next September. Don't worry President Ray, next season the AL12 trophy is headed to Gynea Bay.

## THE PLAYERS

*Rob Owens*

"The Axe". An interrupted season for the "Axe" who spent time at the judiciary (they had been expecting him). The team's enforcer who plays the game hard and in doing so pushes to the limits of the rules. Crucial in the early forward classes, makes the middle of the park his domain and is prepared to spill blood (his or others) to claim dominance in this area.

*Chadwick Smith*

A great season from our goalkeeper. We have to admit that originally a few years back we made the big fella goalkeeper based on the theory of the law of physics that the more you fill up the gap in the goals the less chance the opposition has of scoring. Chad has proved a revelation as keeper, helped in no small way from team dietitian Tony Dale commando diet. Easily the best goalkeeper in the competition and also in the Gynea Club, and pound for pound the best keeper in the country.

*Darren Thomas*

He has really blossomed under the tutoring of Super Coach Bone. A player that reminds me a lot of 'Stretch' Dolheguy in his young days (goes to the same barber), tall and dominant in the air - good turn of pace, powerful boot, hates referees- we just hope he doesn't suffer the cruel run of injuries and total breakdown of his body like the great "Stretch". Could develop into one of the greats of AL12 soccer.

*Tony Neale*

The Skipper of the team and one of the team's major weapons. It was noticeable that when Tony didn't play the team struggled. This was because when he did play he went down injured that the team was able to have time to recover and get their breath back. The only player who required medical attention every match of the season. His wife Nicole has been seen recently checking out the prices of Smokey Dawson chairs.

*David Forsyth*

Now Dave developed somewhat of a persecution complex towards the media this season, believing that we were a bit harsh in our reportings of his efforts (ha ha) to score goals - he even refused to conduct post match interviews and at one point even threatened violence to one prominent AL12 journalist in the dressing room. To be fair Dave did have one absolute blinder against the Redbacks scoring 6 goals. A leading contributor to the end of season kitty.

*Geoff Stone*

The sort of player every journalist hates - always plays a solid game, is popular and is a genuine nice bloke, always first to pay fines. There must be a dark side to this bloke and being the hard nose journalist that I am - I will find out!

*Colin Grimble*

With the legendary Tony Dale retiring last season Col took it upon himself to fill the boots of the big fella. He gave himself a roving commission like Tony, you know, wherever the ball was he was nowhere to be found. In fact he even managed to play a whole match and nobody realised he was out there. Michael Blumor instituted a new fine call "lack of involvement" in order to boost his fines.

Warren Skipper

What a great signing - it was like having a reincarnation of the great Ray Corkoran, Cronulla's greatest ever winger. That running style, those short steps, similar to a trotter, it makes him a very elusive character. He never failed to get a cross in. Unfortunately like Ray Corkoran, couldn't tackle to save his life.

Jason Lee

"The Tank" It took only about 60 seconds of his first game against St Pats for Jason to earn the nickname of "The Tank". In that time he managed to butcher, hack down and completely grind into the dirt about three St Pats players. A solid and nuggetty character who was an aggressive no nonsense sort of player - not a great believer in the side step, preferred to go straight over the top of the opposition.

Rob Gates

Super Coach Bone saw Rob playing in the country and thought he still had a bit to offer in the big time. He formed a great partnership with the "Axe" patrolling the middle of the field and was always eager to take the ball forward. Just when he was looking good his season was cut short due to a knee reconstruction.

Jimmy Johnston

Well, Jimmy's been running around in the lower grades for quite a while, biding his time, and waiting for the chance in the top grade. He had no trouble adapting to the step up in class, a very fit mobile and hard running backrower who loved nothing more than attacking wide out and using his size and pace to create havoc. Doesn't mind giving the referee a razz when he thinks he has made a blue - reminds me of Stretch Dolheguy.

Jake Nicholls

A good season for the "Joke". He seemed to get a lot more involved this season and was prepared to do a lot more running. A player who will be around in AL12s for many years to come.

Adrian Warren

Adrian was promoted into the top grade mid way through the season to give us some added thrust up front. It took him 2 or 3 games to adjust to the step up in class and to learn our plays or play - that is to get the ball to Guru, our only tactic. He played some great games once he settled in, great with the ball at his feet.

Geoff Wells

A no-frills player, what you see is what you get, a good hard running utility player who could play in any position. A great header of the ball - we think he must have some sort of metal plate in the top of his head, as he gives the ball an almighty thump.

Rob Blumor

Our centre back and the backbone of our defence. Its taken a long time for Rob to shake off the burden of being Michael's brother as everyone just assumes he is also an injury prone old crock. Rob however, is very robust and seldom misses a match due to injury. Like every centre back Rob reckons he can score goals and often launches himself into an attacking raid but unfortunately he shoots like a centre back and the ball normally said about 30 feet over the posts - great exponent of the field goal.

Garth Pettit

"The Guru". Our big off season purchase, an awesome attacking weapon, pace to burn, great ball skills. Unfortunately however, Guru cost us the premiership because our only tactic was to pass the ball to Guru so he could score - and Guru missed the semi final. He did however, make up for this by being the driver of the mini bus on the end of season trip to Gundagai, and he showed he could drive under combat conditions.

Michael Blumor

Normally when summarising Michael's season its usually a matter of listing the range of injuries that has kept him on the bench. This year however he had a great season and made it all the way to the semi finals before breaking down. He even pulled off one of the sickest hits seen at Gynea in a long time when he put his hip into a Bosco player and sent him cart-wheeling into the ravine that runs in front of the clubhouse. I have to admit I missed him on the bench this year - he formed a great partnership when doing the fines.

## PL2

Manager: Craig Dennis

Coach: Adam Buckley

Another successful season for this team both on and off the field. This team loves to play soccer hard and party even harder. Some of our victory celebrations are almost legendary just ask Amos and the crew from the pub. Seriously, Minor Premiers and Premiers for the 2nd year running and quarter finalists in the Amateur Cup is a great achievement and something everyone associated with the team should be proud of.

Amir Ajanovic

Currently receiving motorcycle training from Mick Doohan. Should be primed for a good year next year with the Murphy Bros giving him shooting practice.

Troy Colburt

Tried hard for Terry Van Dyke's record for send offs and yellow cards. With a bit more commitment he may just get there in 96.

Matt Robinson

FREAK - Nobody should be able to run *that* much.

Aaron Harris

Does someone in the club have a left foot this guy can borrow? His is only for standing on.

Andrew Clements

Currently in Canada fighting his way through as many nationalities as possible. THAT ELBOW will always remain with us.

Matthew Booker

My two biggest mistakes as coach playing Booker in both round 1 and 2 against Lilli Pilli. I should have known he wouldn't be available for a few weeks after these two games.

Tim Perry

Came up with the funniest moment of the year. First round against Georges River the start of the second half had to be delayed because everyone had to watch Big Pezza finish throwing up his breakfast in the bushes behind the goals at the far end - *brilliant Pez!*

- Geoff Phillipson* What can you say about him that hasn't already been said to the opposition this year. If only his legs went as fast as his mouth!
- Davey Burton* Came into the team late as was determined to prove that he could get as many yellow cards as the next man. He did well if that was his aim.
- Josh Hackney* Actually slows down so he can get the player and the ball and always comes out on top. Not a better sight in soccer than watching Hacko mow someone down after a 50m chase.
- Aaron Cadet* Stinky to his friends. Loves a bet and a drink. Tried to match it card for card with Colby for a little while but soon realised no-one in world soccer can do it.
- Brett Turner* The second half of the Stinky Twins if one is having a drink and a slap the other is never far away. Broke his nose on someone's melon in his first tackle of semi - looked like the elephant man that night (maybe the elephant man was better looking...?)
- Mark Stansfield* Has taken it upon himself to make sure everyone in their team has the Lily spirit. If you don't, one night on the drink with him and you soon will have.
- Will Hardman* Choker if you had to rely on someone in your team to put away an easy goal, it wouldn't be Billy. Has been known to miss from the goal line.
- Ben Schulz* Possibly the laziest player in the team when he does play though he manages to step on every blade of grass in the centre circle and not too many outside of it.
- Craig Floyd* Had his comeback year cut short through injury. Did well to lead the cheer squad on the sidelines for the rest of the year and his efforts on the drink after the grand final will be remembered - who was that wearing his Gynea shirt in the Cross at 8:00am Monday morning anyway.
- Craig Dennis  
(Manager)* Cut himself the other morning and was heard to say "How in the hell did that blood get into my alcohol system?". Loved the social side of the game and efforts as manager didn't go unnoticed either. Thanks Norm.

A special thanks to guys who filled in for us during the year - Luke and Trent Jeffree who could be rung on Sunday mornings and they'd be there, and to Luke Mason, Dick Gifford, Brett Kirby, Mick Ward and Dave Riley, thanks to all of you for getting us out of a jam at one stage or another.

Finally thanks to the team for giving me a go as coach. I enjoyed myself and I hope everyone else did as well.

I think one big plus came out of the 1995 season, many of you improved greatly over the season, so much so that I think you have a lot to look forward to in the next few years. Even though you didn't have a winning season, you proved you are not a team of losers. In most of the games in the second half of the season you improved on the scores from the first round, even though we had some bad injuries to some key players.

Other teams in the club had better results but there isn't another team I'd rather spend my time on. Good luck in B grade next year, you deserve a good season after this year's misgrading.

"THE ROAD TO GUNDAGAI BECOMES THE SIEGE OF GUNDAGAI"

The AL12s decided this year we would go to a country race meeting - the annual Gundagai Races were chosen and the accommodation was organised at the Royal Hotel, Gundagai. It sounded like a nice little hotel in a friendly little country town - who could have known the evil that lurked and festered behind the scenes. As the team Mini bus arrived in town driven by "Guru" Pettit, people started disappearing, mothers grabbed their children and rushed them indoors, shutters were slammed shut, blinds were drawn down, shop keepers closed their doors and an eerie feeling settled over the town. Guru stopped the mini bus in front of the Royal Hotel and the local Hotelier came to greet us - "We don't get too many visitors in town, put your gear in your rooms upstairs, and by the way you better not drink in my hotel as it gets a bit rowdy and the locals will probably beat you to a pulp!" A young lad was sitting on the pub balcony playing a banjo and he had a rye smile that seemed to indicate that evil was at work in this town.

Taking the Publican's advice we headed up the road to the friendlier pub where we soon settled into a relaxed day of a few quiet drinks and some reminiscing of the season preparing ourselves for the following day's race meeting. As darkness approached and the locals started arriving you could sense the feeling of hostility overtake the pub. As a friendly local said to Stretch Dolheguy at the bar "You better not touch our women mate!" Stretch assured him that most of our blokes were married or engaged and wouldn't worry them. He replied, "Aren't our women good enough for you mate!". Jason "The Tank" Lee was doing wonders for our relations with the locals by getting everyone in a head lock. He should have taken a leaf out of David Forsyth's book who was asleep on the dance floor with his head up against a speaker, no wonder he had a headache the next morning. Guru, at this point concluded that if he had another beer he would be legless, so he decided to have a dance with a local girl. This was the chance the locals needed and they took out our leader "Super Coach Bone" with a king hit behind the scenes. The local policeman was called and arrived, and after restoring order told us that we had better get back to our rooms and stay put as he could not guarantee our safety as there was only 3 police in town and 2 were working on a special undercover operation - he advised us to get out of town first thing in the morning. With the local hoon element growing by the minute and things looking rather nasty, an AL12 massacre looked likely.

With things looking so desperate this is the point in the story where the good blokes normally come back and win the day. Thus "Stretch" Dolheguy rushed back to our hotel to get our team Pastor "The Reverend Grant Bowman" who had gone to bed early with a glass of milk and the bible. Reverend Bowman is a God faring man who doesn't believe in violence unless it is absolutely necessary - however, this was one of those occasions - lookout you Gundagai louts!!! Stretch woke him and he got out of bed and went to the bathroom to wash his face. Disaster struck and Reverend Bowman slipped on the wet floor and struck his head knocking himself out cold.

With the team held up in the hotel all night with angry locals milling

around until dawn, a siege mentality took over the team. Michael Blumor took over the reigns of leadership and a brilliantly planned tactical withdrawal was organised. First thing in the morning everyone loaded onto the mini bus and we got the heli out of Gundagai, and just as with the tradition of the US marines we got our wounded out and suffered no casualties.

Not an overly successful end of season trip but one which will be talked about for years to come.

Following - snap shots of our trip.....

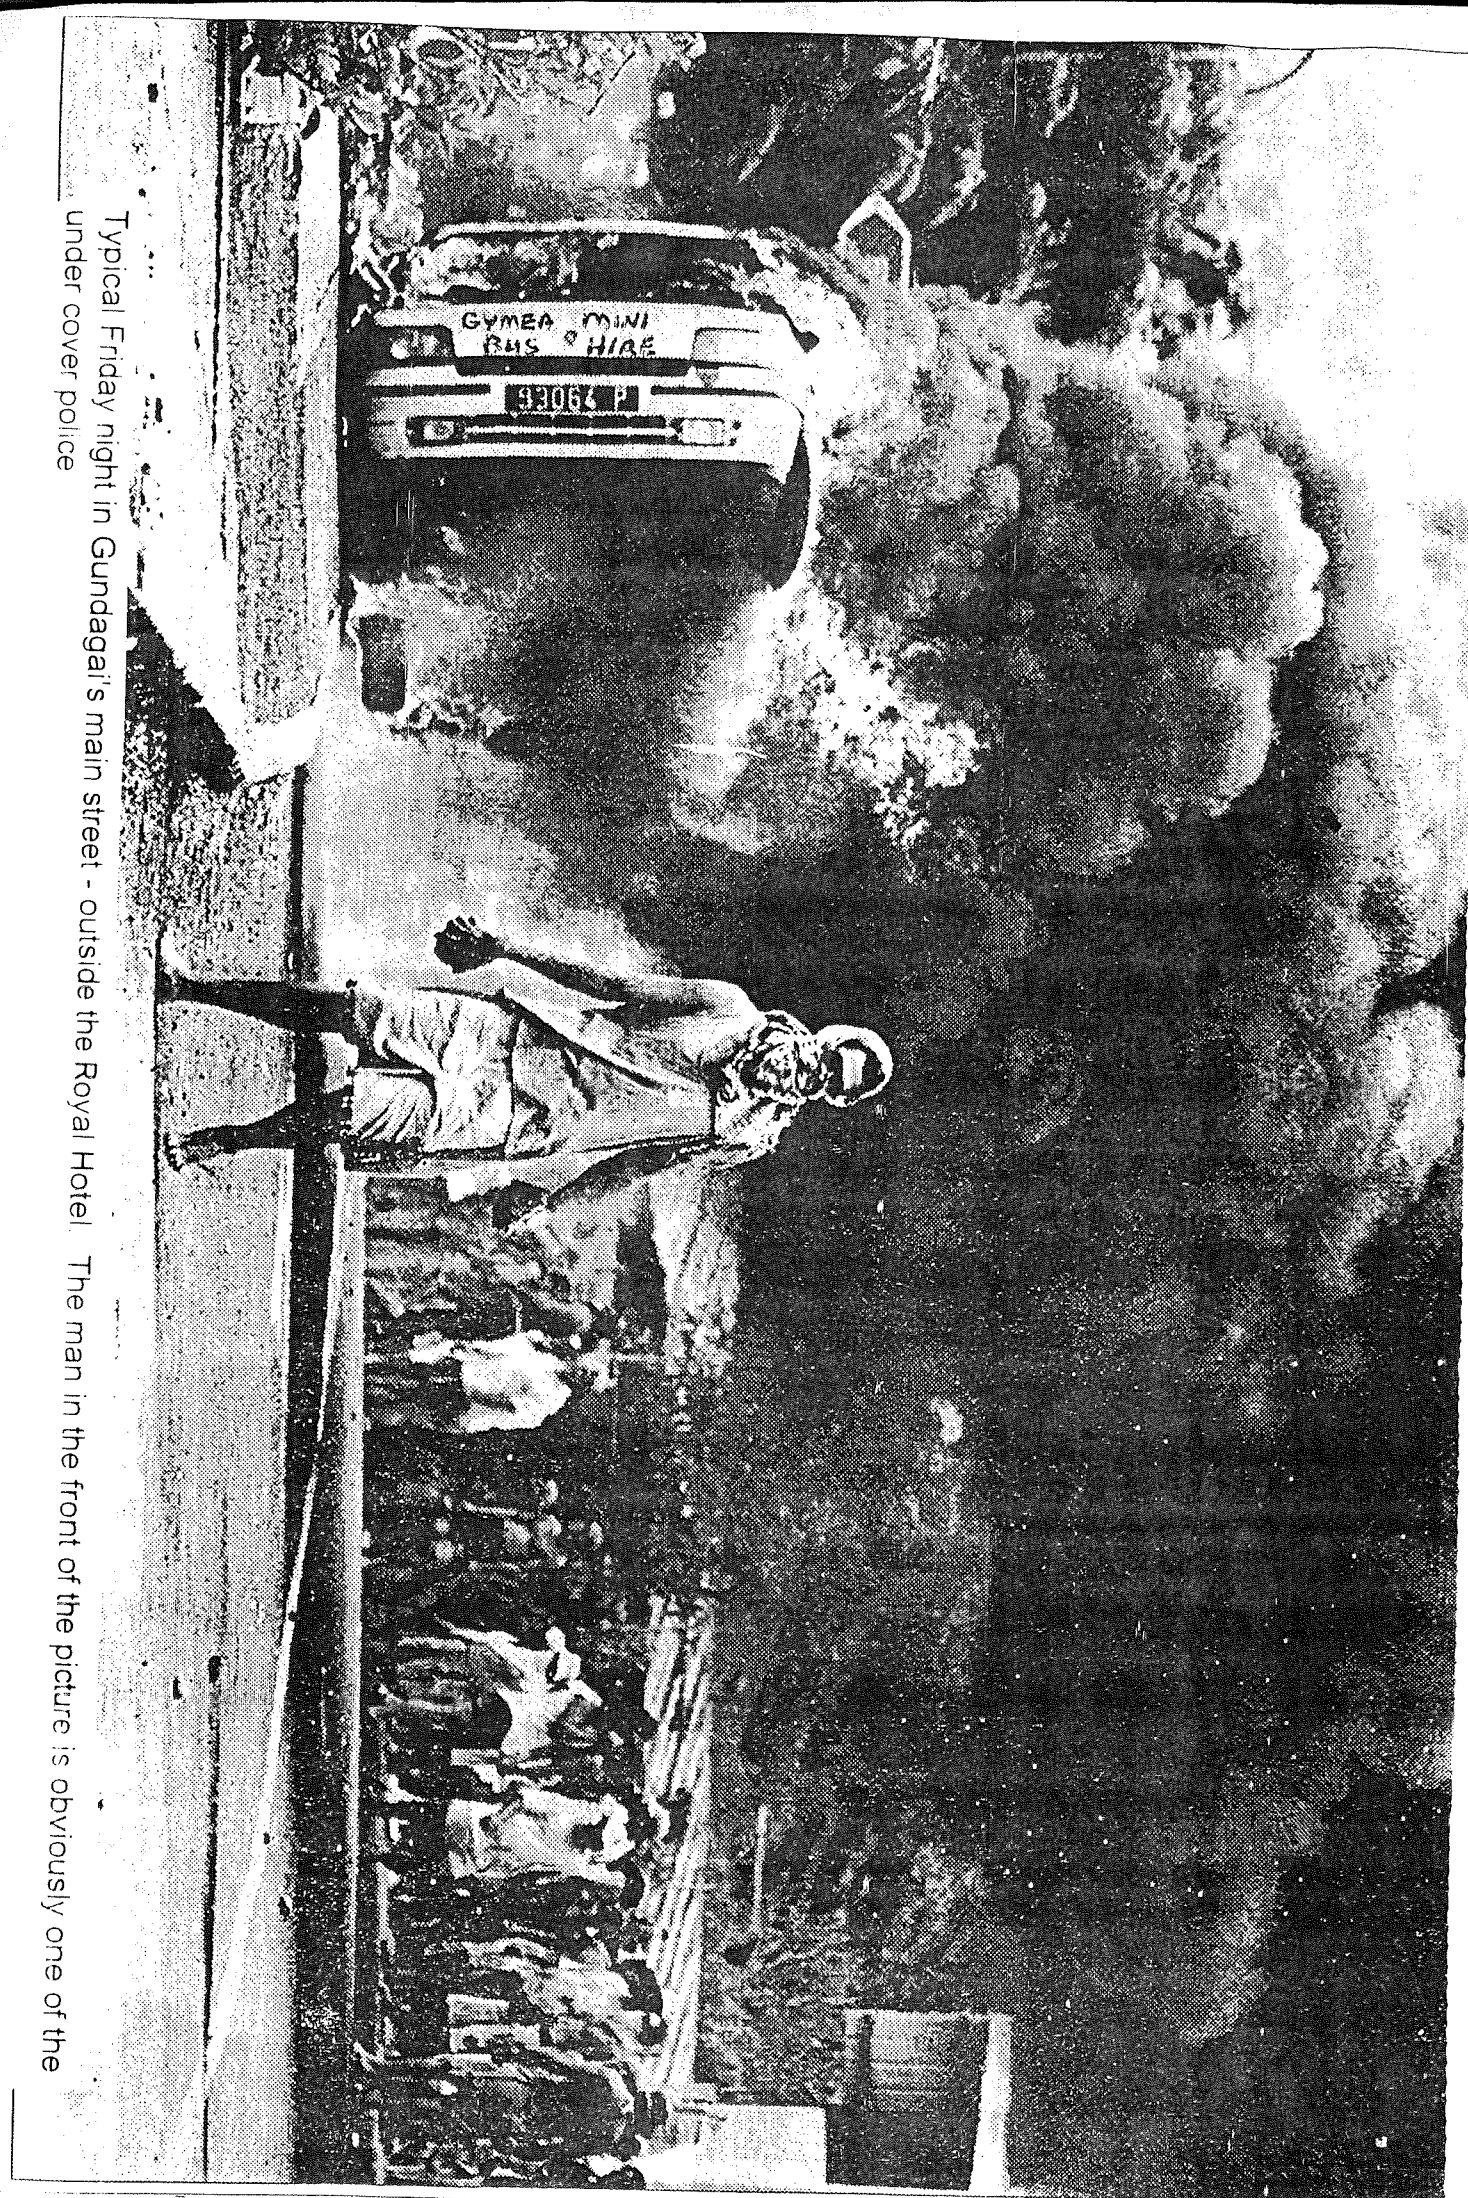

Super Coach Bone (on ground), ever the diplomat, attempting to strike up a re pour with some friendly locals.

Steve Dohleguy upside down in his car after asking some friendly locals directions to the Royal Hotel.

Typical Friday night in Gundagai's main street - outside the Royal Hotel. The man in the front of the picture is obviously one of the under cover police
